

Why Join Us?

Edify Insurance Brokers, licensed by IRDA, is a leading B2B insurance broking firm. With 500+ loyal clients, we are among the fastest growing in the industry. Ranked in the Top 10 Corporate Insurance Brokers in Bangalore, we set benchmarks in professional competence, business ethics and service excellence.

Edify invites applications for its Bangalore office to join a team of professionals setting industry benchmarks. We seek young, energetic, and ambitious candidates with the drive and passion to excel in the insurance industry. All roles require excellent communication skills and fluency in English. Selected candidates will undergo role rotations during training, with final placements determined by the company based on skill alignment. Backed by a value driven culture, we provide opportunities for growth, leadership development, and long-term career advancement.

The roles exist across the following functions.

Corporate Sales and Consulting

The role involves identifying corporate clients through cold and reference calls, scheduling meetings, and understanding business and risk requirements to design effective insurance programs. The ideal candidate will be confident in engaging with senior Finance and HR leaders, fluent in English, and ambitious to build a rewarding career. Success demands high achievement orientation, quick learning ability, and a strong drive to exceed targets.

Client Services

The role focuses on onboarding clients to our processes, building strong relationships, engaging with HR and Finance leaders, and ensuring smooth communication and timely issue resolution. It requires effective coordination with support teams and Account Managers to address client concerns and strengthen relationships through client and partner visits. Success in this role demands patience, strong organizational and execution skills, and the ability to manage relationships with dedication and meticulous attention to detail.

EB & NON-EB Underwriting and Placement

The role requires supporting the Business Development and Account Management teams by sourcing competitive insurance quotes and designing tailored programs for clients. The role involves preparing requests for quotes, engaging with multiple insurers, and negotiating optimal pricing and terms. The candidate will need to quickly develop a strong understanding of general insurance underwriting principles to evaluate and compare quotes effectively. Success requires analytical and numerical skills, logical reasoning, attention to detail, and a proactive drive for self-learning. Confidence in client interactions and active engagement with insurers and strong negotiation abilities are essential to excel in this role.
